OUR ABILITY   OUR IMAGINATION   OUR TIME

A number of people who look into the future of churches agree: People of all ages will continue to be drawn to the roots and richness of the worship that takes place in our sanctuary. The traditional/classic approach to worship is not only part of our present identity at FBC, it will be part of our identity for as far into the future as I can imagine.

~ Travis Collins, Pastor

## OUR ABILITY

This church has invested in space for contemporary worship, student worship, and kids worship — now it's time to invest in the sanctuary.

2 Corinthians 8:1-3

## OUR IMAGINATION

God's power exceeds expectations, preparing blessings beyond what we can comprehend.

Ephesians 3:20

## OUR TIME

The time is now. The responsibility is ours. The glory is God's. The future is bright.

Psalm 78:1

## SANCTUARY/MUSIC

---

- **Elevated Choir Loft**- Provide space for more singers & enhanced sound projection
- **Extended Platform**- Accommodate additional orchestra members, room for future expansion of orchestra size, removable railing to accommodate Living Christmas Tree
- **Sanctuary**- Update pews, flooring, and lighting, replace some sound and TV broadcast equipment, add a new roof, repaint the entire sanctuary, and minor repairs throughout
- **Acoustic Treatments**- Treatments added throughout to dampen sound reflections
- **Narthex** - Update light fixtures, paint narthex & stairways leading to the balcony
- **Music Rehearsal Suite Replacement**- Replace existing suite with larger single-story structure which includes: men's and women's robing rooms, restrooms, storage space for music and other items, coffee bar for student choir and special events, green room for guest musicians which doubles as an orchestra assembly and instrument storage area, larger choir rehearsal area (note: Designed to accommodate a second story in the future)
- **Carillon Bells**- Repair and refurbishment of carillon

## LIFE CENTER

---

- Install updated LED projection system, new carpet and paint

## CHRISTIAN COMMUNITY CENTER

---

- **Childcare Initiative**- Build a 1,500 square foot single story home of a type typical for the neighborhood to establish a home-based childcare initiative. The previous parsonage has been removed to accommodate the new building. The initiative, "OurKids," will serve as a model that may be duplicated.
- **Christian Community Center**- Additional needed improvements
